Trust of Over 2.0 Lakh
Students & Guardians

No. 1 Institute in Terms
of Result Ratio

Dear Students, Parents, and Guardians,

It gives me immense pleasure to share with you the journey of our institute—a journey built on trust, dedication, and a relentless pursuit of academic excellence over the past 28 years.

From our humble beginnings to becoming a leading name in NEET and JEE coaching, our mission has always been clear: to empower students with the knowledge, confidence, and skills needed to achieve their dreams. I am proud to say that more than 18,000 of our students have successfully become doctors and engineers, a testament to the effectiveness of our teaching methodology and the sincerity of our efforts.

Our greatest strength lies not just in results, but in the over 2 lakh parents and guardians who have placed their trust in us over the years. Their satisfaction and continued support are the true reflections of our commitment to quality education and holistic development.

We believe that every student has potential, and with the right guidance and nurturing environment, they can achieve greatness. Our experienced faculty, personalized mentorship, well-researched study material, and regular assessments ensure that each student gets the support they need at every step of their journey.

As we move ahead, we continue to innovate and evolve, embracing technology and modern pedagogies while staying rooted in the values that define us.

Join us and be a part of an institution where success is not just a goal, but a tradition.

FROM
DIRECTOR'S
DESK

Dear Students,

As a doctor and an educationist, I understand both the passion and the perseverance required to pursue careers in medicine and engineering. For the past 28 years, our institute has been dedicated to nurturing that passion and guiding students toward success in NEET and JEE. Our journey is marked by excellence, commitment, and a student-first approach. Our programs are designed not only to build strong academic foundations but also to instill confidence, discipline, and resilience—qualities essential for any aspiring doctor or engineer. At our institute, we believe that every student has the potential to achieve greatness with the right guidance and mentorship. It is both a privilege and a responsibility to help shape the future of young minds, and we take that responsibility with the utmost sincerity.

I welcome you all to explore the unending opportunities at GOAL.

Dr. Mamta Singh

Joint Director

MEDICAL as career

Medical is related to the practice of being a medical practitioner; either the initial training to become a Physician (i.e. medical school and internship), additional training there after (e.g. residency and fellowship), or training to become a Physician Assistant. The medical education is given at graduation and post-graduation level ranging from 5 to 8 years and the degree offered is MBBS bachelor of medicine and bachelor of surgery.

Dr. Abhishek, GOAL 1998 Batch
MBBS (Maulana Azad Medical College, Delhi)
PG (Lady Harding Medical College, Delhi)
Presently working in Paras Hospital, Patna

I always wanted to bring respect and recognition for myself and my family. In search for this I chose medical as my career. I started my preparation under the roof of GOAL Institute where I got at most care during my Goal Hostel life. Apart from result oriented superb Guidelines I was provided with everything an aspirant needed at the time of preparation. Test and discussion conducted in hostel was the unique activity of goal which was the reason behind my fast improvement. I thank to Goal for what I achieved in my career. Being a Doctor has not only given me recognition in society but also an adventurous life. All the Best to all aspirants of Medical.

I always dreamt about serving the society and then I chose Medical as my Career. I joined GOAL and dedicated my all time for the preparation of Pre-Medical exams under Guidelines of GOAL Institute. The question paper of GOAL AITS, which was very identical to that of AIPMT, helped me a lot to make my dreams come true and secure 25th Rank. After serving at AIIMS Delhi, I decided to serve my state and help the people of Bihar. Best of luck to all the Medical Aspirants.

Dr. Anurag, GOAL 1999 Batch
MBBS (Maulana Azad Medical College, Delhi),
USMLE (US)
Presently working as a Doctor in United States of America

Dr. Vivek, GOAL 2000 Batch
MBBS (Neel Ratas Sarkar Medical College, Kolkata)
Currently working as Medical Professional in CANADA

I come from a middle class background where stability in life is first priority. For the preparation of PMTs I opted Goal where I was provided with superb Guidelines, highly competitive approach and best possible personal care which proved to be the supportive hand through which I got the best what ever I could get according to my talent. I will always be thankful to GOAL for whatever I am in my life.

After I cracked my Medical Entrance Exam I never looked back. Luckily I chose a career that not only gave high stability but also a good lifestyle.

My best wishes to all the aspirants of Medical.

The Role of Parents in their **WARD'S Success**

“

Make sure with friendly talk that the career your ward is opting is the career of his/her own dream, and is not based on short term influence or any pressure. This is important because the career option of any student should be of his own interest or passion.

First you must know that success of any student depends on his determination, dedication, discipline, interest, passion and smart work but still they need a platform where he/she can get all type of assistance, guidelines and competitive atmosphere in educational organization to fulfill these needs. But this is role of parents to help them to select the best option of Institute.

What are the points you should check before selecting any coaching institute ?

- (i) Select the institute which is best in Result ratio. The confirmation of result ratio must not be based on media or verbal confirmation of Institute. But it must be based on real fact.
- (ii) Must know before your wards admission that the concerning institute finishes the syllabus within frame of time or not. Most of the institute delays in finishing the syllabus due to only three days of classes in a week. So be conscious in selecting the right institution and know how many days in a week the institute is providing services to students. Three days Classes in a week may result in delay of syllabus or very fast teaching or both which may result poor performance of your ward in final competition.
- (iii) Must ensure before admission that your ward will get personal care in the organisation or not.

It may be in the form of :-

- Back Up Classes
- Doubt Session
- Revision Classes
- Strategical Meeting and Seminar
- Personal Counselling

- (iv) Check that the institute conducts frequent test in short interval or not. This is very important to enhance speed and accuracy of students apart from knowledge gain through regular classes, to identify the weak areas and do improvement accordingly.
- (v) Be sure that your ward is getting teaching from specialised faculties i.e. separate teacher for Physical, Organic, Inorganic, Botany, Zoology, Math etc.
- (vi) The Ground of selection of institute should not be based on fee rebate but it should be based on quality teaching and all essential facilities needed for Result. Because Sometimes parents select the coaching on the basis of low fee where their wards don't get result oriented teaching and facilities and thereby they loose time and money both.
- (vii) Select a good place to stay for your ward if its important to keep him away from home, specially when you want to keep him in hostel.

Have Following points in mind :-

- Proper Security
- Healthy Competitive atmosphere
- Hygienic food and water
- Prompt management
- Proper services of Health care and personal care whenever needed

- (viii) Always spend minimum 5 to 10 min on your ward per day and get the information regarding followings.

- Regular attendance in class
- Regular appearance in tests
- Regular presence in meeting and seminar
- 6 to 7 hrs self study per day apart from classes
- 40% and above/minimum score in test.

Getting rewards in the life comes through smart work under proper guidance

It isn't just the 28 years heritage that distinguishes GOAL: It's the scientific design of our courses that is customized to the need of every student. We present to you the unique GOAL formula of success so that an ordinary student can also perform an extraordinary result.

FACULTY

The strength of our faculty members is focused on subject knowledge, teaching on the recent trends of competitions and years of experience that helps them to sense state of mind of aspirants. Motivational skills of our teachers inspire students to do that extra bit which is the hallmark of a toppers and a carrying attitude that goes beyond success in an Entrance Examination.

STUDY MATERIAL

The study material prepared by expert faculties enables students to go through all important concepts they need to crack the competitions. The questions of study material are compiled from all corners of chapters which touches every concept, formulae and memory based important facts. Sufficient number of questions in study material helps student in practice and self assessment.

TESTS

Periodic tests conducted by institute helps students for evaluation of their merit. Questions are asked very similar to what they face in their competitive exams. It also enables students to enhance speed and accuracy.

DOUBT SESSIONS

A separate doubt session is provided by institute which helps the students to minimize the weak areas they have within. Students stuck in any question can get the support of teachers to solve and improve the knowledge.

SEMINARS & WEBINARS

Seminars are organized by institute to equip them with technical skills they need to crack the competition. Seminars are addressed by Medicos / Doctors and Experts of GOAL where students get motivation and success mantras apart from many other essential tips.

CARE SYSTEM

Care system of GOAL monitors the facilities which puts the students in right direction. Each and every student is monitored on various scales by goal experts through -

“SIDRAT BILAL FARIDI AIIMS, DELHI

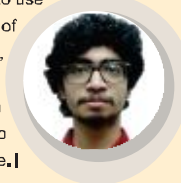

I am Sidrat Bilal Faridi. When I started my preparation I was not confident of getting a seat in medical college but when I went to GOAL Village for further preparation I found that it was an ideal place for any aspirant where all necessary requirements are available in one single campus. The healthy and competitive environment of GOAL Village helped me to overcome the fear of exams which I faced last year. And the personal interaction time to time boosted my confidence. The library at GOAL Village increased my self study time. The doubt session paved my way to success by removing all obstacles.

I dedicate my success to my parents and the whole team of GOAL which provided me quality teaching, quality study material and best testing system. I recommend all medical aspirants to prepare with GOAL and be assured to wear the white apron if worked honestly as guided by GOAL experts.

“VIKRAM KUMAR AIIMS, DELHI

Being a ranker in exam like NEET is a very special feeling that can't be expressed in words. But I would like to share few things that the guidance session conducted by GOAL experts under personal care, after every test helped me to use my time & energy in right direction. The competitive teaching of GOAL's teachers and testing system of GOAL through AITS, SPOT and DPP increased my speed and accuracy. Motivational session built my confidence and helped me to perform in a particular time frame. Rigorous practice before NEET helped me to increase my problem solving ability and my conceptual knowledge. I would like to thank the extraordinary system of GOAL for making my dreams come true and getting the admission in prestigious medical college AIIMS, Delhi. The sole credit of my success goes to GOAL Education system. Any student aspiring for NEET Exam should definitely join GOAL Institute.

“PRAGYANSH SAMAIYAR AIIMS, DELHI

I, Pragyansh joined GOAL Institute for 2 years foundation course just after completion of 10th Board. The quality teaching by teachers on recent trends of competition helped me to utilize my time and energy in proper direction. The well researched study material and frequent conduction of tests improved my performance with time. After every result of test GOAL experts analyse the result and suggested me how to increase the number of attempts without getting negative marks. The seminar and webinar proved to be Rambana, which helped me to get AIIMS Delhi in very first attempt. I did not study in any other Institute for preparation, so the credit goes only to GOAL Institute for my success.

“SUNNY KUMAR SAH AIIMS, DELHI

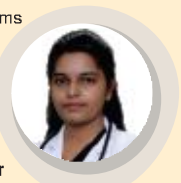

I genuinely thank GOAL for their support and guidance throughout my preparation for NEET. The training mechanism in GOAL is like a well oiled machinery run and executed with affection, precision and sincerity; inculcating perseverance and dedication. They provided a stress free and environment supporting healthy competition. The confidence provided by GOAL has helped me to perform well in NEET and will continue to inspire me throughout my life.

“PRIYA KUMARI LADY HARDINGE - NEW DELHI

Well begun, is half done...

On joining GOAL I realized I have already neared my dreams. And with the help of GOAL Team, moreover with God's blessings... Finally, my dreams have become a reality. Thanks to GOAL for their wholesome support. Each and every class, all the exams, study material with quality content and GOAL's personal care have counted in my final exam. Preparing for an entrance exam is quite an effortful task, which was made easy for me by GOAL. Whenever stress gets me; GOAL's timely seminars have always supported me and kept me calm. So with no doubt, I can say GOAL owes a huge name in this win. My sincere thanks to each and everyone in the GOAL family. I will always be grateful to this institution for paving my way to becoming a socially committed Doctor.

“Tarun AIIMS, DELHI

Just after completing my 12th Board Exam I joined GOAL Institute and GOAL Hostel under 1 year program wherein I prepared myself for Medical Entrance Exam. The right approach of recent competition with Healthy Competitive Environment of Institute and hostel helped me a lot to crack AIIMS with Remarkable Rank.

Thank you GOAL.
